

Middle School – Spring 2 Homework

Expectation: Complete a minimum of 6 tasks per half term from at least three different subjects.

Please bring in the completed activities and/or take a photo of the completed activities to share with the class.

	1 merit	2 merits	3 merits	4 merits	5 merits
English	Phonics challenge! Find an object starting with each letter of the alphabet.	Write a piece of DESCRIPTIVE writing about the weather. Include what you can SEE, HEAR and FEEL.	Read a newspaper article. Discuss the article with an adult.	Draw a picture of the SETTING of your favourite book or story. Label the picture with QUOTES from the text.	Write a story with an HISTORICAL setting. Remember to make sure that your story has a beginning, a middle and an end.
Maths	Draw and label a picture of your family members in height order tallest person first, you can include your animals.	Play a board game that uses a dice with family members.	Draw a picture using just 2D shapes.	Add together the total time (in minutes) of your exercise during the week: i.e. Monday – 20 minutes Tuesday – 5 minutes	Research the cost of ingredients for your favourite meal and add them together. Write the list and cost of each item with the total
Science	Find out and learn the names of 6 different dinosaurs. Tell your teacher their names.	A liger is a hybrid; it has 2 different species as its parents, a lion and a tiger. Find out the names of 2 other hybrids, write down what species they are a mix of and tell your teacher about them.	Watch the first Jurassic Park film. Where did they get the dinosaur DNA from? Tell your teacher.	Use the BBC Bitesize web page to find out about Mary Anning. https://www.bbc.co.uk/bitesize/topics/zd8fv9g/articles/zf6vb82 . Read the information and watch the video, then take the quiz at the end. Tell your teacher your score.	Create a fact file on a dinosaur of your choice, include a picture, what it ate and any special features it had. Hand it to your teacher.
RSE	Healthy Routines: Create a diary for 7 days of all the exercise you have done, and healthy food swaps. For example, instead of eating crisps, have an apple.	Changes at Puberty: Draw the outline shape of a male on one side of paper, and a female on the other side. Can you come up with 10 changes that happen during puberty to males and females?	Emotional Wellbeing: Imagine your friend is feeling very anxious and worried about school. Can you suggest different ways they can manage? Maybe make them a poster, or a little leaflet? Offer advice on coping strategies and places, or safe people they can go to for help.	First Aid: Watch this video on making an arm sling. https://www.sja.org.uk/get-advice/first-aid-advice/how-to/how-to-make-an-arm-sling/ Can you practice and film yourself having a go?	Body Image: There can be lots of pressure online to have the 'perfect' body when we compare ourselves to different people. On social media unfollow accounts that make you feel bad, and try following accounts that make you feel good instead. Write out a list of all the things that make you special and ask people why they like you for who you are!
Other	Food Do not break any of your house rules. Only cook what you are allowed to. Ask for supervision if you need it. Make a small snack for yourself and/or your family. Take a photograph of the finished dish.	Life Skills Write a summary of a trip you want to take with your family. Include: name, cost, reasons you should go!	Art As Spring is in the air, you are required to create an artwork of your choice that symbolises Spring using only warm colours (red, orange and red).	Animal Care Animal Care – To complete a fact file of an animal that is now extinct, including their habitat, what they ate and why they became extinct.	PE To make a poster based upon a sport in the winter olympics. The poster must include at least 3 rules of the sport and a picture (drawn or from the computer).
